An upstanding young bull who expresses ample bone and muscularity in a moderate-frame package. This year's draft has "done it" on hay and pasture with a pleasing conversion factor. Top 15% for EMA at +4.2 which certainly reflects his carcase merit.

"Mr Powerpack"! If you want carcase, maturity and "easy doing" ability in one package, here he is. Top 5% for 600D growth, top 10-15% for EMA in a 'B' muscle, frame 5.5 sire. Picture his calves at weaning - a bull right for the tough times. Top 5% for carcase weight at +62.

A genuine all rounder with a virtually imported bloodline given U1 is the result of imported embryos. A bull stacked with quality and improving every day given he was on a poorer milking recipient. Massive carcass / scan data with an IMF% in the top 5% for the breed and all important positive fat EBVs.

A sire to suit heifer joinings given his "easy made" type and structure of shoulders / front end. Difficult to fault in terms of carcass data with top 10% for EMA, positive fat and top 15% for IMF%. His dam is one of the most productive young cows who is by the influential, trait leading Valiant sire.

A bull used lightly this winter, hence his slightly backward condition. A terrific short gestation, low birth son of Midland lineage. Assess his numbers and it is difficult to fault him with low birth, ample 600D growth, top 20% for EMA and top 10% for IMF%. His dam Y309 produced the top priced bull in the autumn sale at \$12,500 selling to The Glen Angus, Jingellic.

A bull resulting from our half share in Merrigrange U108 (pictured above) with Graham Collins of Merribrook Angus. Note he is a twin that was reared by one of the best cows in the business. The combination of bloodlines and performance will enhance any commercial or registered herd. Impressive length, style and quality inherited from his dam.

If you're after a brilliant "all rounder", here he is. Virtually an April calf by the great breeding bull of Unlimited. Unparalleled data of easy calving, average birth, ideal maturity with major +3.3 scrotal (top 1%). Impressive positive fat and top 5% for IMF% at +1.8. Excellent body length and muscularity in a young sire. We have 6 retained ET sisters in the registered herd.

A real solid hitter. Carcass data is "Top Shelf" with top 2% for EMA, to 5% for Retail Beef Yield (RBV%) and top 5% for scrotal which would reflect in heifer offspring fertility. A tough bull for tougher environments - don't overlook him!

Table with columns: FERTILITY, CARCASS, MILK. Rows include Scrotal, D to Calv, Carc. Wt, EMA, Rib Fat, Rump Fat, RBY%, IMF%, and MILK values.

Take your time to study this growthy, well-balanced youngster from a first calf heifer. Difficult to fault in terms of arithmetic with the added bonus of positive fat and calving ease EBVs that are all important for that breeding herd.

Table with columns: \$INDEX VALUES. Rows include Long Fed / CAAB Index (\$), Heavy Grass Fed Steer Index (\$), Short Fed Domestic Index (\$), and Terminal Index (\$).

Table with columns: FERTILITY, CARCASS, MILK. Rows include Scrotal, D to Calv, Carc. Wt, EMA, Rib Fat, Rump Fat, RBY%, IMF%, and MILK values.

An obvious outcross option for any herd focussed on Precision bloodlines in the past. A lighter frame score sire with ample "bull power" who will transmit growth for on-going genetic blending.

Table with columns: \$INDEX VALUES. Rows include Long Fed / CAAB Index (\$), Heavy Grass Fed Steer Index (\$), Short Fed Domestic Index (\$), and Terminal Index (\$).

Table with columns: INTERIM ANGUS GROUP BREEDPLAN EBVs August 2009, TRAIT FOCUS, CALVING EASE, GROWTH, EBV, ACC.

Table with columns: FERTILITY, CARCASS, MILK, Scrotal, D to Calv, Carc. Wt, EMA, Rib Fat, Rump Fat, RBY%, IMF%

Note the influence of the "great shared cow" U108 in this pedigree. Impressive growth package in this young sire. Included for your competition since AM testing removed a "section" of high value sires that Reiland would normally offer. Don't discount this youngster simply because of his age.

Table with columns: \$INDEX VALUES, Long Fed / CAAB Index (\$), Heavy Grass Fed Steer Index (\$), Short Fed Domestic Index (\$), Terminal Index (\$)
